What's Never Included

For safety, legal or trade-licensing reasons, the following are outside the scope of any cleaning package — standard or add-on.

- ✗ Ceilings (cleaners do not work at height above a 2-step ladder)
- ✗ Mould remediation — surface mould is wiped; embedded mould requires a specialist

- ✗ Pest control / flea treatment
- ✗ Tenant-caused damage — broken fixtures, holes, chipped paint
- ✗ Pre-existing stains or damage noted on your entry condition report
- ✗ Biohazards, animal waste or sharps
- ✗ Repairs of any kind — we clean, we don't fix

Service Conditions

To deliver the scope above and honour the guarantee below, we need the following on the day:

- ✓ **Vacant & empty:** the property must be empty of furniture and personal belongings. We cannot clean inside or behind items left in the property, and those areas are excluded from the guarantee.
- ✓ **Power & hot water connected:** required for equipment and proper cleaning results.
- ✓ **Access arranged:** keys, key safe or agent access confirmed before arrival.
- ✓ **Pre-existing damage:** our cleaner photographs and reports any damage or permanent staining before starting. These items are documented and excluded from cleaning-related claims.
